Circuit diagrams

Loudness of buzzers

Brightness of bulbs

Maths

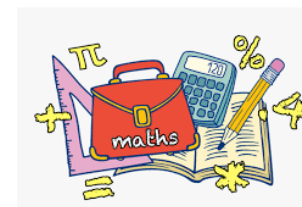

Themed projects

Budgeting

Profit and Loss

Mathematical reasoning and problem solving

The children will be using the LbQ platform to consolidate fluency targeting individual gaps in their knowledge.

Summer 2 Newsletter 2026

Year 6

We wanted to update/remind you about a few things this term.

Reading – Reading for pleasure is the key to reading success, so reading any story to your child will be of huge benefit to them. Please continue to snuggle up and read together. **Don't forget to sign your child's reading record!**

PE – Our PE days are Tuesday and Friday (Tuesday and Thursday for 6H). Children should come to school on PE days dressed ready for PE (no hoodies on non-PE days please). We will always try to go out even in damp weather so children will need appropriate clothing every week.

Homework – Homework is set every Monday and is due in the following Monday. This half-term will be reading, maths (lbq) and working towards the Fiver Challenge.

General reminders – Please ensure your child has a coat and a spare set of trainers to change into when going on the field to avoid walking mud back into the school building. This is particularly important this term, as we will be using the field for Athletics.

Thank you for supporting your child through their Tillingbourne journey – we have loved working with them and look forward to celebrating their final weeks in our school!

Keep looking out for our Instagram posts to find out current school news!

Dates for your diary
