# Behind the stable door

*Chorus*

*What's going on behind the stable door?*

*Something peculiar, that's for sure!*

*We haven't got a notion, what this commotion's all about*

*We want to find out!*

We have no idea why we're sitting here

Out in the cold, we want to be told

We should be inside, is there something to hide?

Come on, someone, just spill the beans and tell us

*Chorus*

It's all so confusing, really not amusing!

What's all the fuss?  And why is it us waiting outside?

Is there something to hide?

Come on, someone, just spill the beans and tell us

*Chorus*

*We want to find out!*
